

CASE STUDY: TELECOM

MANUFACTURING FIRM

OVERVIEW

A well-known manufacturing firm engaged Wolf Expense Solutions to review their telecom services. The resulting analysis identified numerous billing errors, incorrect rates, and unused services.

In addition, Wolf identified a billing error that resulted in a refund of \$106,000.

RESULT

\$84,000

ANNUAL SAVINGS

+\$106,000 REFUND

The wire line analysis saved \$84,000 annually, plus a \$106,000 refund.
